Among the many important events hosted by the Faculty of Medicine at the Chinese University of Hong Kong, the annual Teachers’ and Students’ Awards Presentation Ceremony deserves special recognition. This is the one occasion when we come together to thank our dedicated teachers who have not only passed on their knowledge to our students, but have also inspired them. They sacrifice their time to nurture our next generation, placing education as their top priority. In honouring them, we are paying tribute to all of the teachers who have contributed to the success of this Faculty.

This joyful event also presents an opportunity to celebrate the academic accomplishments of our bright students. Only the best students are selected to study in the Faculty of Medicine, so if you have joined our ranks it is because you have proven yourself to be the crème de la crème. My heartfelt congratulations also go to your parents, who must be very proud of you. I want to remind you that this is only the beginning. Success is the enemy of greater success, and I hope you will continue to strive and excel in your future careers.

Finally, I would like to take this opportunity to express my gratitude to our benefactors and donors. Your generosity is a great encouragement to our students and your unfailing support will continue to drive our pursuit for excellence.

Professor Francis K.L. Chan
Dean of Medicine

TANG Chun Fung, Pharmacy Year 2

- Dean’s List (Pharmacy Year 1)
- Jacobson Academic Excellence Scholarship
- Janssen Scholarships
- Mannings Pharmacy Practice Subject Prize
- Pfizer Scholarships
- Wei Lun Foundation Scholarships for the Faculty of Medicine

It is my great honour to be nominated for the scholarships and awards. I would like to express my sincere gratitude to the donors for their generous support, which has served as recognition for my efforts and encouragement for pursuing excellence.

Furthermore, I would like to extend my heartfelt gratitude to the teaching staff for their guidance and dedication. They are always great role models of a good pharmacist. Their enthusiasm and guidance have helped me build a good foundation for learning pharmacy. They have also provided a supportive learning environment that has equipped me with the knowledge and skills to become a competent pharmacist who provides pharmaceutical care to patients.

Finally, I would like to thank my family for their support throughout the years. In the upcoming days, I will try my very best to overcome the challenges ahead. I look forward to becoming a passionate pharmacist and contributing to the community with the knowledge I have acquired.
